**BACKGROUND DISCUSSION:**

The City Council of West Jordan City, on January 18, 2013, communicated its unified desire to move forward with the creation of a branding strategy. This branding strategy would include but not be limited to the creation of a new City logo and slogan. It was proposed by the City Manager at the time that the creation of a new logo and slogan should be a part of a more comprehensive strategy to address community branding and marketing.

Design work is underway with a graphic artist with expertise in strategic logo creation to design a logo to identify and market the City of West Jordan. The logo will be used on all materials produced by and for the city including signage, printed materials, advertisements, products, website, e-mails, letterhead and other materials. Staff will use the materials with the current logo to avoid waste and slowly implement the new logo as new materials are ordered.

Logo design is estimated to cost between \$5,500-\$8,500 to create the following:

1. Main Logo
2. Department Logos
3. Stationery Package (Business Cards, Letterhead, #10 Envelopes)
4. Web Site Landing Page Template
5. Newsletter Template
6. Style Guide
7. Street Signs
8. Sign Templates (four future application)
9. Apparel Design
